Subject: Public Records Request

Dear Ms. Kramer:

Pursuant to Florida's Public Records Act, Chapter 119, Florida Statutes, this is a request for the public records listed below. Such records should include all records maintained by the South Florida Water Management District, its agents, engineers, and other outside contractors, and any and all personal files retained by individual personnel responsible for supervising such documents, correspondence, plans and studies.

If you contend that any record, or any portion of any record, is exempt from inspection and examination, please state in writing the basis of the exemption which you contend is applicable to the record, including statutory citation to an exemption created or afforded by statute, and state in writing and with particularity the reasons for the conclusion that the record is exempt.

Records Requested

- Copy of the DVD(s) for the September South Florida Water Management District Workshop and Governing Board Meetings held on September 10, 2008 and September 11, 2008.

We ask that the above public records be made available for inspection and copying as soon as possible. We understand that it may require additional time to produce the e-mail requested; accordingly, we ask that all of the requested public records that are in "hard" paper format be made available immediately for inspection and copying, and that the requested e-mail be made available as soon as it can be produced by the District. If the District asserts that any portion of the requested public records is exempt from public disclosure under the Public Records Act, we ask that the District identify any such records and specify the basis for the asserted exemption.

Please call me or Stephanie Spillias in the same office when the requested public records are available for inspection. Thank you for your attention to this matter.
