

SOUTH FLORIDA WATER MANAGEMENT DISTRICT

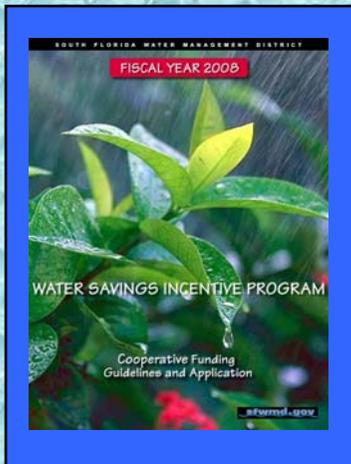

*Managing & Protecting
Our Region's Water Resources*

The South Florida Water Management District (SFWMD) is a regional agency of the state of Florida, and is charged with managing and protecting water resources of the region by balancing and improving water quality, flood control, natural systems and water supply.

Water Savings Incentive Program Workshop (WaterSIP)

Wednesday, February 7, 2007

The District provides funding to help utilities, homeowners associations, local governments, and individual homeowners save water.

Applications are now available for FY 2008 Funding

Application Deadline – March 30, 2007 @ 2:00 pm
(Delivered and Received in the District's Procurement Department)

Applications are available at:

http://www.sfwmd.gov/org/mso/pro/3_procure4.html

➤ This annual funding program provides matching funds up to \$50,000 to water providers or community organizations for installing water-saving technology such as low-flow plumbing fixtures, rain sensors, fire hydrant flushing devices, Xeriscape© landscaping technology/hardware for roads and parks, and other water saving projects.

Wednesday, February 7, 2007
